

Carbon to soil for multiple benefits – working together Finland, Carbon Action and 4 per 1000

Dr. Laura Höijer
Content Director

Strong support

Finland promoting 4 per 1000

IMPORTANT TOOL

Catch the Carbon
climate action package:
100M€ in R&D&I,
implementation etc

IN JUNE 2023 FINLAND IS HOSTING

1st Northern Europe
4 per 1000 Regional
meeting
'More Carbon in
the Soil for Multiple
Benefits'

MORE INFORMATION ON THIS VIDEO

'Caring for soil is
caring for life'

Carbon Action platform

Goal: systemic change towards regenerative agriculture

FARMERS
 100 pilot farms
 1 000 in Carbon Action Club
 1 000 registered for e-course on regenerative farming

DECISION MAKERS
 CAP & climate policies.
 Voluntary **carbon farming markets piloted** ->
 guidelines for future EU carbon market system.

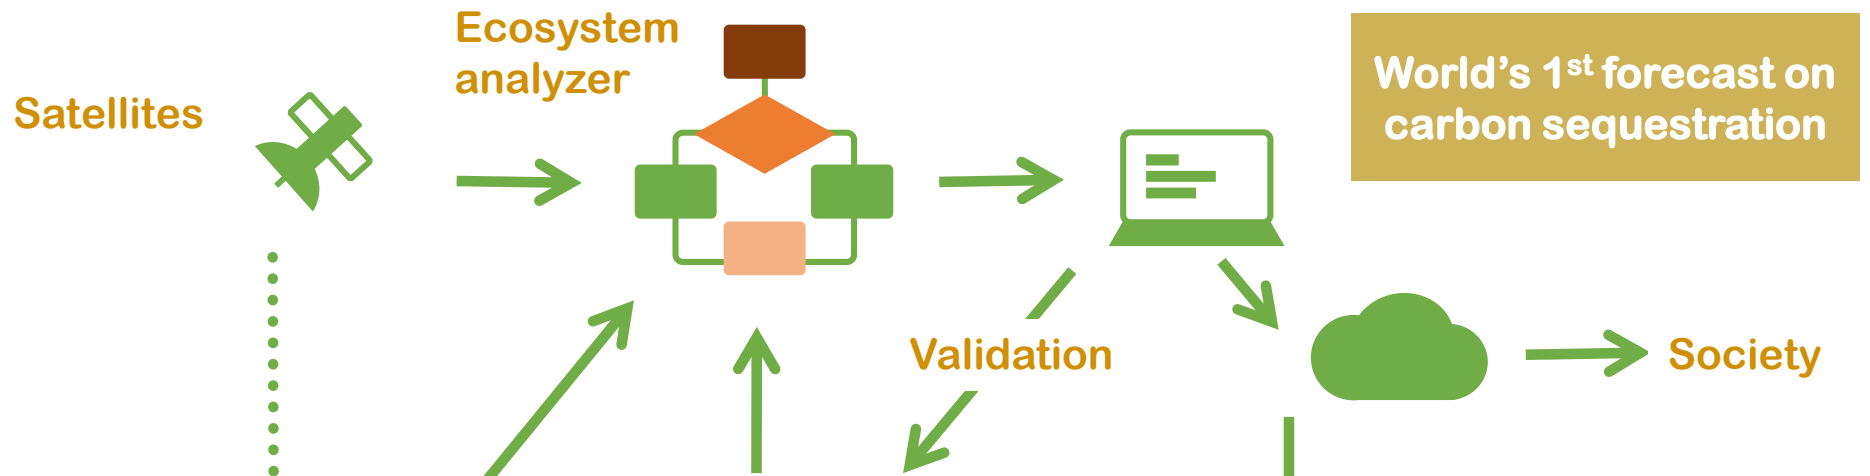

SCIENTISTS
 21 projects.
 Soil & plant processes, farming practices, verification, economics.
World 1st forecast on C sequestration

COMPANIES
 11 companies: training contract farmers, integrating principles into sourcing criteria
Products: world 1st regeneratively produced vodka & Christmas beer

Carbon Action verification system for soil carbon sequestration
